

WHAT DOES OVERFIELD MEAN TO YOUR FAMILY?

Perhaps incredible teachers come to mind, those who have loved and supported each of your children, and encouraged them along their individual paths. Maybe for you, Overfield means our campus. Our unique steel building and outdoor areas allow children to experience the world in ways totally unlike any other school. Maybe for your child, it is the visiting artists, and regular time in our own art studio. The opportunity for children to express themselves in a variety of ways, and the right to be surrounded by beautiful things are cornerstones of the Reggio philosophy. Maybe for your family, Overfield is or was a home away from home, and has provided a community of support. Young parents meet and learn from other parents and teachers, and we support one another through life changes and everyday growth. Our children are growing up together, and it feels like we parents are too!

As we enter the Holiday season, please take a moment to consider what The Overfield School means to you, and consider a donation to The Overfield Fund. Help to ensure that The Overfield School can continue to offer these rich experiences for many future children and their families.

Gifts made in December and January will be in honor of Financial Aid, unless otherwise directed.

The Overfield Fund 2013-14
